Second Term English Test

Full Name : ..... *class :.....*

Steve Jobs

Steve Jobs was a well-known American businessman and creator. He was born on 19 February 1955 in San Francisco, in the United States. From a young age, he was interested in machines, computers, and new ideas.

He studied at Reed College in Portland, Oregon, but he did not finish his studies. Later, he worked in different jobs such as product design, media, and business. Steve Jobs was full of ideas and wanted to succeed.

In 1976, he helped create Apple Inc, one of the biggest technology businesses in the world. He became the chairman and CEO of the company and helped make famous products like the Macintosh, iPhone, and iPad. Because of his great work, he got the National Medal of Technology and Innovation in 1985.

In 2011, his total money was about 7 billion dollars. Unfortunately, Steve Jobs passed away on 5 October 2011 in Palo Alto, California, in the United States. Today, he is remembered as one of the most important people in the history of technology.
