Second Term Test of English-4MS

Hello, my name is Liza. I am 15 years old. I am a pupil at Larbi Benmhidi Middle School. I live with my parents, two brothers and three sisters. I am tall and slim. I have got big brown eyes and short black straight hair. I am interested in reading books, painting and playing video games. I am friendly, self confident and active, but I am not so talkative person. My dream is to become a great teacher.

I remember clearly when I was at primary School, many teachers influenced my personality and I dreamt to be like them. Mrs "Salima" was my ideal one. Really, she helped and supported me a lot. She taught me one of most important things in life to be sociable, brave, and helpful. Concerning my unforgettable childhood memory, it was the day when I encouraged my shyest friend "Farida" to present the project work in front of our classmates. In fact, she was affected by me and became courageous.

So, childhood experiences always remain the best and the most important things in shaping one's personality.
