اختبار الفصل الثّاني

Part One: Reading (15 pts)
Read the text carefully and do the activities:

Technology has completely revolutionized our lives, from the way **we** work and learn to the entertainment we enjoy, technology has left no aspect of our lives untouched. As we gaze into the future, the rise of Artificial Intelligence (AI), 5G, Internet of Things (IoT), Augmented Reality (AR), and Virtual Reality (VR) promises even more profound changes in the coming decade, altering how we communicate, conduct business, and interact with the world around us.

These new technologies can do amazing things. They make tasks easier, powering self-driving cars, helping doctors diagnose diseases, and create really other cool experiences. However, with great power comes great responsibility. Those cutting-edge_developments can negatively impact individuals' time management and the risk of living in an artificial reality, **which** can impact mental health and personal relationships.

The rapid pace of technological change poses both challenges and opportunities. We need to use technology wisely and ethically and be prepared for the potential negative consequences **that** may arise.

Adapted from: LinkedIn, (06/2023): _____

A/ Comprehension : (08 pts)

1) The text is a: (0,5)

a. magazine article. b. website article. c. newspaper article.

2) Choose the answer to complete each statement: (1 pt)

a/ Technology has ……our way of living.
